

LEMELSON-MIT InvenTeams™

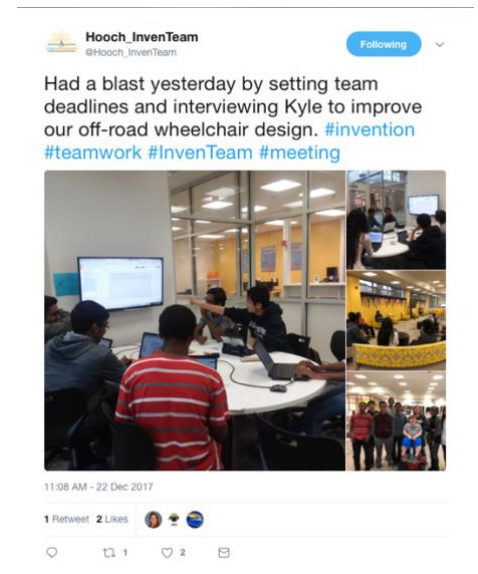

2018 InvenTeams Community Engagement Update December 2017

Highlights:

- **MRHS/American Passage's InvenTeam** held a [bake sale](#) to raise money for their trip to MIT
- **Dublin High School's InvenTeam** also [held a fundraiser](#) at Chipotle. They shared a [project update](#) on their website.
- **The Chattahoochee InvenTeam** [interviewed a wheelchair user](#) to improve their project design. They also took some time during the holiday break to [meet at the local library](#).
- **Frederick InvenTeam's** first [prototype testing](#) took place earlier in the month. The students were also [recognized by the Board of Education](#) in Frederick County.
- *West Hawaii Today* [wrote an article](#) on the **Kealakehe High School InvenTeam**, featuring interviews with students and how they came up with their project.
- **Northeast High School's InvenTeam** was [honored at Oakland Park City Hall](#).

Past Teams:

- **The Pine School's InvenTeam** [announced](#) that they will be presenting their project at the IRL Symposium in February.
- *Mashable* wrote an [article](#) on the top 2017 innovations that changed the world, featuring the **DIY Girls InvenTeam** as number 14.
- [Senator Kamala Harris](#) shared the original *Mashable* [article](#) on the **DIY Girls InvenTeam** via her twitter account, "One of my favorite stories out of 2017: these girls had never coded, or soldered, or sewed before, but together they invented that solar-powered tent that folds up into a backpack. Their hashtag says it all: [#WeGetItDone](#)."
