

Hey Cambridge Teens:

Join Lemelson-MIT's Bridge to Invention and Inclusive Innovation Program and find a solution!

What's Your Problem?

Are you a creative problem solver?

If so, join us for the Bridge to Invention and Inclusive Innovation workshop. At this 10-week program, you'll learn to identify and solve problems within your own community and life. You'll enhance and refine your creative skills by learning about 3D printing, laser cutter, woodshop, and more. You'll become an inventor by taking part in the actual invention process.

Free!

Who it's for: 20 high school students who live and/or go to school in Cambridge

Location: Cambridge Foundry, 101 Rogers Street, Cambridge MA (Kendall Square T)

When: Saturdays from 10:00 am to 2:00 PM, (lunch is provided)

February 4, 11, 18; March 4, 11, 18, 25; April 1, 8, 15

Note: Students are required to attend all workshop sessions

Cost: Free. Please apply by January 20, 2023. Priority will be given to those students from groups historically underrepresented in STEM

Students who complete the program will receive a Certificate of Completion from Lemelson MIT/ MIT School of Engineering
